The cost of caring for a healthy German Shepherd Dog is typically at least \$1,500-\$2,000 a year. This is for things like regular vet checks, vaccinations, quality food, and heartworm preventative medication. It does NOT include additional costs due to illness, chronic health problems, emergency surgery, ongoing training or help with behavioral problems. Supplies like leashes, collars, toys, bones, treats, dog beds, crates, etc. are also additional expenses.

Illness _____ Other (please specify): _____

Have you applied anywhere else within the past year to adopt an animal? ___ Yes ___ No

If yes, where and when did you apply? (This is ok!)

Why do you feel that you would be a good adopter for a Rescue German Shepherd Dog?

Please describe the perfect dog for you. What characteristics are you looking for? As you answer this, please think about your lifestyle - are you active, in and out a lot, are there lots of people/children around, etc., or are you more sedentary, quiet, with few visitors? What personality in a dog would best fit your family's needs and lifestyle? Would your dog go with you everywhere or stay at home with you a lot? Do you have other pets that need consideration?

Of all of the characteristics you listed above for your perfect dog, please note the two that are most important to you:

1)

2)

Would you like to be notified about German Shepherd Dogs in various shelters needing homes that may match your general criteria? (If you find a dog in a shelter to adopt, you would then work directly with the shelter, not through GSRNE. We have not temperament tested many of these dogs.) ___Yes ___No

How did you hear about GSRNE?

My signature below indicates that I am at least 21 years of age and intend to be the legal owner and the person responsible for the care and well-being of any dog I adopt from German Shepherd Rescue of New England, Inc. (GSRNE). In signing this application below, I give representatives of GSRNE permission to contact my veterinarian, landlord, and references for information to aid in the evaluation of whether a Rescue German Shepherd Dog is appropriate for me and my current living situation.

Please note that when adding a rescue German Shepherd to your home, it usually takes time for your current dog and the new dog to accept each other. We recommend gradual exposure, such as having one dog in a crate while the other is loose, feeding the new dog in the crate so there can't be squabbles over food, putting food and toys out of reach when both dogs get to the point where they can be loose in the room together, etc. We provide guidance on how to integrate a new dog into your family, but it may take time and effort to do so successfully.

See the following page for the Terms of Adoption Application and sign your understanding of those terms.

Please return your signed, completed Adoption Application and Terms of Adoption Application form (and if applicable, the written landlord consent) to:

Terms of Adoption Application

1. Cost The adoption donation for **most** German Shepherd Dogs is \$300 which helps to partially defray the veterinary and boarding expenses we incurred in rescuing and caring for the dog. The donation for Senior dogs and Special Needs dogs is \$150. Adult German Shepherd Dogs will have been neutered or spayed, given all necessary inoculations including a Rabies shot, heartworm tested, stool tested for parasites, and given other medical treatment needed for problems that GSRNE is aware of and can treat before adoption.
2. Return policy If, for any reason, the adoption is not satisfactory for the German Shepherd Dog or for adoptive owner, GSRNE requires that the dog is returned, at adoptive owner's expense, to GSRNE within 2 weeks of notification. The dog may *not* be sold or given to a new owner without GSRNE's written approval. GSRNE reserves the right to take back this dog if it is *ever* neglected or improperly cared for.
3. Releases The adoptive owner must sign a legal release before visiting any Rescue dogs, and sign a legal contract at the time of adoption to protect him/herself, German Shepherd Rescue of New England, Inc. and its representatives, and the Rescue German Shepherd Dog involved in the visits/adoption process.
4. Microchip Adopter agrees that if this German Shepherd Dog does not already have a microchip with a GSRNE number, the Adopter will have a microchip implanted with the GSRNE-designated number within 2 months of adoption, at Adopter's expense.
5. License If adopted, this German Shepherd Dog must be licensed in accordance with existing laws in the adoptive owner's town and the Rabies vaccination must be kept current, for the dog's life.
6. Care The adoptive owner agrees to provide proper shelter, high quality food as advised by GSRNE, and proper medical care including annual heartworm tests, and agrees that this dog will not run free without supervision, be chained out, be allowed around children under 16 years without adult supervision present, be allowed to ride loose in the back of a truck, or be used for guarding purposes. Failure to comply with these terms will require that the dog be surrendered immediately and returned immediately to German Shepherd Rescue of New England, Inc., without refund.

GSRNE recommends that you follow a regular inoculation program established by your veterinarian. Your dog will need yearly boosters for distemper and parvo, and a Rabies booster in accordance with state or local regulations. Your dog **must** have an annual heartworm test and your veterinarian will recommend a preventative heartworm program for the length of time appropriate in New England, typically year round.

GSRNE requires that adopter enroll in an obedience training program with your adopted Rescue dog to increase the bond between you, and to be sure you know how to teach your dog basic pet obedience exercises and rules.

- By signing this document, I state that I understand the obedience training program requirement and agree to comply, unless explicitly exempted from this requirement in my GSRNE adoption contract I sign when I adopt a dog.
- By signing this document, I give GSRNE the right to check with my vet for my pet care history, and to confer with other rescue groups or humane societies regarding my application(s) with them and with GSRNE.
- By signing this document, I understand and agree that GSRNE has the right to refuse my application if application or home situation is deemed by the GSRNE Board of Directors as not appropriate for a Rescue German Shepherd Dog. I also understand that any misrepresentation of the true facts in this application or in the adoption agreement will invalidate the adoption agreement and will give GSRNE, Inc. the right to reclaim the adopted German Shepherd Dog without refund of the adoption fee.
- My signature below indicates that I understand these Terms of Adoption Application and agree to abide by them if I adopt a dog from German Shepherd Rescue of New England, Inc. My signature also indicates that I am willing to have a person representing German Shepherd Rescue of New England, Inc. visit my home (for a Home Visit interview) by appointment prior to adoption proceedings.
